Technical specification:

Extra Quality

Humidity: max 12%.

Protein: min. 18% (dry matter).

Colour : green

Cut size: 10...12 cm

ADF (Acid Detergent Fiber): 35% max.

NDF (Neutral Detergent Fiber): 40% max.

Aflatoxin: max. 10 ppb

Grass or other forages: 0%

I Quality

Humidity: max 12%.

Protein: min. 16-17% (dry matter).

Colour : green

Cut size: 10...12 cm

ADF (Acid Detergent Fiber): 35% max.

NDF (Neutral Detergent Fiber): 45% max.

Aflatoxin: max. 10 ppb

Grass or other forages: max. 5 %

II Quality

Humidity: max 12%.

Protein: min. 14-15% (dry matter).

Colour : green, yellowish green

Cut size: 10...12 cm

ADF (Acid Detergent Fiber): 40% max.

NDF (Neutral Detergent Fiber): 50% max.

Aflatoxin: max. 10 ppb

Grass or other forages: max. 25 %

Packaging:

Bale weight: 650-750 kg tied with steel wire

Bale dimensions: 2,2x1,15x0.8 m (LxWxh) .
